Released on the Asylum label in March 1973, "Byrds" saw the classic line-up of GENE CLARK, CHRIS HILLMAN, DAVID CROSBY, ROGER MCGUINN and MICHAEL CLARKE fully reunited for the first time since 1966 (when Clark departed the group due to his fear of flying) and following the departure of Clarke and Crosby in 1967 – Clarke to the Flying Burrito Brothers and Crosby to Crosby, Stills and Nash (and Young). This re-mastered edition of "Byrds" restores the original album artwork and features an illustrated booklet with essay.
