News doesn't get much bigger than this! The legendary UK punk band Cock Sparrer's new eighth (and final!) studio LP Hand On Heart is complete, and is available for wholesale orders NOW! The release of this record is nothing short of a major event for the band's countless fans worldwide! The 10 tracks that comprise Hand on Heart will thrill the Cock Sparrer faithful with their iconic, anthemic sound, but the band still has surprises and new tricks up their sleeves, including a string arrangement by Simon Dobson (Bring Me The Horizon / Mike Oldfield) that lends a touch of class to the affair. With production overseen by James Bragg & guitarist Daryl Smith, as well as mastering by Grammy-winning engineer Kevin Tuffy, the lads sound better than ever, and for once, more of the budget went into the studio than down the pub!
