Back in the mid-80s, The Primitives combined the fuzz guitars of The Jesus & Mary Chain with the pop sensibilities of Blondie and a nod to cult heroes The Velvet Underground. They swiftly rose from being a popular Indie guitar outfit to charting worldwide with 'Crash', kickstarting a craze in bands fronted by blonde female singers (Transvision Vamp, The Darling Buds et al). 'Lovely' was The Primitives' debut album. Issued in April 1988 on the back of the success of 'Crash', it peaked at No. 6 in the UK, staying on the charts for ten weeks.
