26 remixes by electronic music legend Vince Clarke. Many tracks have never been released on a physical product before. Most music fans will know that Vince Clarke created Depeche Mode, Yazoo and Erasure, writing numerous hits along the way. He even joined the half billion streaming club with 'Just Can't Get Enough'. This long overdue double disc boasts remixes which Vince has worked on for other artists, all chosen by the man himself for this official release.

Richard Evans of the Erasure Information Service has written extensive notes for the booklet. The cover star is Smudge, photographed and owned by Vince. The selection will surprise and delight from pure pop to beautiful ambience.
